Junseok Lee

juneseogi@snu.ac.kr | juneseogi | junseok-lee-708416389

Research Interests

Non-Euclidean data analysis, nonparametric statistical inference, measurement error, inverse problems, psychometrics

Education

Seoul National University *Seoul, South Korea*

M.S. in Statistics *Mar. 2025 – Present*

- Advisor: Jeong Min Jeon

Sungkyunkwan University *Seoul, South Korea*

B.A. in Psychology, B.E. in Statistics, B.S. in Mathematics (Triple Major) *Mar. 2017 – Feb. 2025*

- Total GPA: 4.46/4.5 (189 credits completed)
- **Valedictorian**; *Summa Cum Laude*
- Mandatory military service in the Republic of Korea, Oct. 2020 – Apr. 2022

Publications

Lee, J. and Jeon, J. M. (2026). Fejér-Positive Sieve Likelihood for Circular Measurement Error Models without Auxiliary Data. *Submitted to the Electronic Journal of Statistics*.

Lee, J. and Jeon, J. M. (2026). Deconvolution Density Estimation on Hyperspheres with Unknown Measurement Error Distributions. *Submitted to the Journal of the American Statistical Association*.

Anonymous authors. Pointwise Inference for Geodesic Kernel Density and Regression Estimators on Riemannian Manifolds. *In preparation*.

Research Experience

Mathematical Data Science Lab, Seoul National University *Seoul, South Korea*

Graduate Student Researcher (Advisor: Jeong Min Jeon) *Jun. 2026 – Present*

- Research topics: Nonparametric density estimation for contaminated data on hyperspheres; geodesic kernel density and regression estimation on Riemannian manifolds.

Model-Free Statistical Methods Lab, Seoul National University *Seoul, South Korea*

Graduate Student Researcher (Advisor: Haeun Moon) *Jun. 2025 – May 2026*

- Research topics: Conformal predictive distribution estimation via kernel-localized residuals; synthetic data generation.

Presentations

Conference Talks

Lee, J. and Jeon, J. M. Fejér-Positive Sieve Likelihood for Circular Measurement Error Models without Auxiliary Data. *2026 Winter Conference of the Korean Statistical Society*, Seoul, South Korea, December 2026. *Student paper presentation.*

Lee, J. and Moon, H. Constructing Conformal Predictive Distributions via Kernel-Localized Residuals. *2025 Kyushu–SNU Statistics and Data Science Workshop*, Fukuoka, Japan, November 2025. *Invited talk.*

Lee, J. *et al.* The impact of supporters' cognition, moderated by self-construal in social rejection contexts, on group commitment. *The 15th Psychology Research Conference, Sungkyunkwan University*, Seoul, South Korea, November 2019.

Poster Presentations

Lee, J. *et al.* Supporters' cognitive processes, self-construal in social rejection contexts, and group commitment. *Korean Psychological Association Summer Conference*, Seoul, South Korea, August 2019.

Awards and Honors

2026 **Best Teaching Assistant Award (Kim Woochul Teaching Award)**
Awarded to one student for excellence in teaching assistance in the Department of Statistics

2026 **Next Generation Scholarship in Basic Sciences**
Selected for outstanding academic performance and research potential

2025 **Dr. Yuilhan Scholarship**
Scholarship for an outstanding graduate student

2025 **GSI Appointment (Teaching and Research Assistant)**
Assisted faculty with lectures and research

2025 **President's Award**
Graduated with rank #1 in the College of Social Sciences

2025 **SKKU Summa Cum Laude**
Ranked in the top 5% of the department by overall GPA

2023 **Global Center Donor Scholarship**
Awarded to one outstanding student from each college

2017–2023 **Academic Excellence Scholarship**
Recognized for outstanding academic achievement

2019 **Excellence Award**
Outstanding achievement at the Psychology Research Conference

Teaching Experience

Seoul National University

Fall 2026 **Discrete Data Analysis and Lab (326.314)**, Lab Instructor
Spring 2026 **Nonparametric Statistics and Lab (326.414)**, Lab Instructor
Fall 2025 **Data Analysis and Lab (M1399.0014000)**, Lab Instructor
Sum/Win 2025 **Data Analysis Bootcamp**, Lab Instructor
Spring 2025 **Statistics Lab (F32.102L)**, Grader

Extracurricular Activities

2018–2020 **ESP (Explorers of Social Psychology)**, Member
Studied graduate-level psychology texts and research papers; participated in seminars and research projects; presented at the Korean Psychological Association Undergraduate Poster Conference and the university psychology symposium.

Skills

Programming Languages R, Python, SPSS, LaTeX
Korean (native), English (fluent), French (conversational)
