“Minimal assumptions, maximal guarantees.”

Research Interests

My research interests center on **model-free statistical inference** and its related methods and applications. In particular, I am interested in **conformal prediction**, **conditional independence testing**, **distributional inference**, **causal inference**, and **applications in the social sciences**. These interests grew out of studying the social sciences—including psychology—which motivated a focus on **minimal-assumption** statistical inference.

Education

Seoul National University

M.S. IN STATISTICS

Seoul, S.Korea

Mar. 2025 – Present

Sungkyunkwan University

B.A. IN PSYCHOLOGY, B.E. IN STATISTICS, B.S. IN MATHEMATICS

Seoul, S.Korea

Mar. 2017 – Feb. 2025

- Total GPA: 4.46/4.5 (189 credits completed)
- **Valedictorian**, Summa Cum Laude

Research Experience

Seoul National University

MODEL-FREE STATISTICAL METHODS LAB (ADVISOR: PROF. HAEUN MOON)

Seoul, S.Korea

- Developing **conformal distribution estimation** methods for **synthetic data generation**.
- Extending the **localized conformal prediction** framework toward predictive distribution estimation.

Teaching Experience

2026	Lab Instructor , Survival Data Analysis and Lab (R, Fall 2026)	SNU
2026	Lab Instructor , Data Analysis Bootcamp (Python, Summer 2026)	SNU
2026	Lab Instructor , Nonparametric Statistics and Lab (R, Spring 2026)	SNU
2025	Lab Instructor , Data Analysis Bootcamp (Python, Winter 2025)	SNU
2025	Lab Instructor , Data Analysis and Lab (R, Fall 2025)	SNU
2025	Lab Instructor , Data Analysis Bootcamp (Python, Summer 2025)	SNU
2025	Grader , Statistics Lab (R, Spring 2025)	SNU

Awards & Honors

2026	Best Teaching Assistant Award (Kim Woochul Teaching Award) , Awarded to one student for excellence in teaching assistance in the Department of Statistics	Seoul, S. Korea
2026	Next Generation Scholarship in Basic Sciences , Selected for outstanding academic performance and research potential	Seoul, S. Korea
2025	Dr. Yuilhan Scholarship , Yuhan foundation scholarship for outstanding graduate student	Seoul, S.Korea
2025	GSI Appointment (Teaching & Research Assistant) , Assisted faculty with lectures and research	Seoul, S.Korea
2025	President's Award , Graduated with rank #1 in the College of Social Sciences	Seoul, S.Korea
2025	SKKU Summa Cum Laude , Top 5% of the Department in overall GPA	Seoul, S.Korea
2023	Global Center Donor Scholarship , Awarded to one outstanding student from each college	Seoul, S.Korea
2017–2023	Academic Excellence Scholarship , Recognized for outstanding academic achievements	Seoul, S.Korea
2019	Excellence Award , Outstanding achievement at the Psychology Research Conference	Seoul, S.Korea

Extracurricular Activity

ESP (Explorers of Social Psychology)

Seoul, S.Korea

CORE MEMBER

Sep. 2018 – Aug. 2020

- Studied graduate-level psychology textbooks and research papers; participated in seminars and research projects.
- Presented at the Korean Psychological Association's Undergraduate Poster Conference.
- Presented research at the university's psychology symposium.

Presentations

2025 Kyushu-SNU Statistics and Data Science Workshop

Fukuoka, Japan

INVITED TALK

Nov. 2025

- Presented a research talk titled “Constructing Conformal Predictive Distributions via Kernel-Localized Residuals”.
- Discussed distribution-free approaches to predictive distribution calibration under high-dimensional scenarios.

The 15th Psychology Research Conference, Sungkyunkwan University

Seoul, S.Korea

PRESENTER

Nov. 2019

- Presented findings on the impact of supporters' cognition—modulated by self-construal in social rejection contexts—on group commitment.

Korean Psychological Association Summer Conference (Undergraduate Poster Session)

Seoul, S.Korea

PRESENTER

Aug. 2019

- Presented a poster on how supporters' cognitive processes, shaped by self-construal in social rejection contexts, affect group commitment.

Skills

- Programming** R, Python, SPSS, R⁺
- Languages** Korean (Native), English (Fluent), French (Conversational)
